

## Birchington CE Primary School

### Our Arts & Spirituality Week

At the time of writing this contribution the staff and children at Birchington CE Primary School are looking forward to our Arts & Spirituality Week. It will begin on Monday 24<sup>th</sup> May 2021 and run throughout the week, ending on Friday 28<sup>th</sup> May 2021.

During this exciting week the children will have the opportunity to engage in a number of creative activities.

Each class will be completing two large pieces of art. One will be a board that will enhance our outside Peace Spiral. Each board has been specially designed to be placed directly into the soil bordering the spiral path. They will be painted with acrylics and will display scenes from the natural world.

The other piece of artwork will be a rectangular board which will be used to decorate indoor areas around our school. These boards will include a chosen phrase linked to spirituality or well-being.

Throughout the week the children will also be exploring our Christian Values of Hope, Peace, Forgiveness and Love through a range of subjects including Art, Music, Dance and Drama.

Pictures of the artwork created during the week will be added to our website [www.birchington-primary.com](http://www.birchington-primary.com) in the near future.
