

Birchington CE Primary School

On the 8th March 2021 we were finally able to welcome all our children back to school after many weeks of teaching up to 170 children of key workers and vulnerable children whilst our other children were working at home.

The children arrived at the school gates looking forward to seeing their friends and getting back into the new school routine. It was truly fantastic to see so many smiling faces as they skipped off to their classrooms.

Safety is one of our top priorities and we continue to maintain a safe and healthy environment for everyone.

Our safety measures include fresh air in our classrooms with open windows/doors, regular handwashing/sanitising, increased cleaning of desks and equipment and not mixing different year groups.

At present we are looking forward to supporting All Saints Church when they open for the National Day of Reflection on the 23rd March 2021. We are, at present, busy making beautiful daffodils and writing prayers which will be delivered to the church.

As we approach Easter, we would like to wish everyone in our local community peace, hope and happiness.
