

School Council Termly Update

Term 4

In Term 4 we focused on developing our leadership and public speaking skills so that we can present information and engage our peers. Some of us spoke during collective worship about Red Nose Day and explained why we were raising money for Comic Relief. We then decided to plan a worship together based on being inclusive and kind as this is so important to us as a school. We decided to deliver this as a class worship so that we all have a turn to practise leading a worship. One of our Reps noted how this would be an inclusive way of making sure every School Council Class Rep gets an opportunity to lead a worship.

At the end of each term we will continue to provide you with these latest updates on our School Council section of the website. We will also give you some ideas for ways you can help us.

Successes

Showing leadership: We have been practising our public speaking skills and having a go at speaking in a worship or leading a class worship.

Upholding School Values: We discussed what we could do as a school council to make sure everyone feels 'valued and safe'. We decided to plan and lead a class worship based on kindness and demonstrate how we all have a responsibility to show love and care for everyone.

Red Nose Day: Thank you for helping us to raise money to support Comic Relief. We know they are working on many projects with schools and youth groups and your donations will make a difference. We were confident to talk about Red Nose Day in collective worship.

Coming up:

Air Ambulance Competition: We would like every class to take part in a competition to name a local air ambulance helicopter. These helicopters fly up to speeds of 150mph, carrying doctors and paramedics

to patients across Kent, Surrey and Sussex. Each class can dream up a name that embodies heroism, speed, and care. We will submit each entry to the competition as the winning name and school will be featured on a helicopter! We will also be deciding on a way to raise £100 to support the KSS 'Buy it for Life' appeal to raise funds for their new air ambulance.

Being Active: To celebrate the upcoming Paris Olympic and Paralympic Games, we thought we would explore ways to encourage everyone to be active. We will brainstorm ways we are active at home and in school and we will think of what we can do to encourage everyone in school to enjoy sports and be more active.
