Making It Real

Clubs

Mr Forwood will be running a Cipher and Codes Club for Years 5 and 6 later on this year. Children will be learning some simple ciphers such as the Pigpen, ATBASH, Caesar cipher and some codes such as the Tap and Grid Codes.

100th Day

Every February we celebrate '100 Day' – the 100th day of the academic year. All the children will enjoy a day learning about and participating in a variety of activities around the number 100.

Maths Enrichment at Ursuline College

We have been visiting other schools recently to take part in various Maths activities. Some of our Year 5 children have been participating in Maths enrichment activities at Ursuline College.

AIM High Maths Days

We have also taken children in Year 5 and 6 to an AIM High Maths day at Cliftonville School, and we will be taking some Year 3 and 4 children later this year.

Times Table Rock Stars Day

Every July, the school holds its annual Times Tables Rock Star Day. The children dress up as their Rock Star Avatar, or dressing up in numbers, for the day. They also got the chance to experience some additional fun maths activities on the day. The children have really taken to Times Tables Rock Stars and the fastest children, those earning over 200,000 coins, and the highest earners in each year group received certificates at the end of the year for their fantastic efforts.

During the year, the children can also win certificates for their class during weekly Battle of the Bands competitions.

Keep up the times tabling everyone!
