

Christmas in Birchington CE Primary School

Christmas is always an exciting time in our school and this year was no exception! Here are just some of our festive highlights:

This term we decorated our school with Christmas hoops which depict Christmas around the world. Each class chose a country and spent some time learning about its Christmas traditions. The hoops were decorated with the country name, flag, and something to depict Christmas in that country.

The children in Early Years Foundation Stage put on a fantastic Nativity performance to their parents and carers. The performance included singing, dancing and acting.

Our Year 1 children walked down to All Saints Church to hold their annual Christingle Service. The church always looks stunning with the lights dim and the candles glowing.

Year 2 put on their own carol service, performing some beautiful carols.

Children in Year 4 had the important job of leading our Christmas Church Service at the end of term. They included a number of fantastic songs and retold the Nativity story.

Each year group also enjoyed their own Christmas party and participated in our festive Christmas dinner. Many classes also held their Enterprise Week in December, where each class designs, makes, markets and sells a product at our Christmas Fair. We also wore our Christmas jumpers to collect food for our local food bank.

After such a busy, fun-filled season we were certainly all ready for the Christmas holiday!

We would like to thank our parents and carers for their support during this term and wish everyone in the local community a happy, healthy 2024.
