

## Birchington CE Primary School

### Harvest Festival 2022

We held our Harvest Festival during the week beginning 10<sup>th</sup> of October. Throughout the week children found out more about this special Christian festival and their collective worships were based on the theme of harvest.

Our Christian Vision talks about showing love and care for everyone. To help us live out this vision we wanted our children to think about others in our local community during our Harvest Festival week. We asked our children, if they were able to, to bring in an item of food and each classroom or year group made a display of the donated food. This food displays remained in the classes for the week and children could see it grow with their donations. They also become a useful starting point to help children understand more about food and harvests.

We were absolutely delighted and amazed by how many donations we received throughout the week. We are currently making plans to deliver the food to the local foodbank at Birchington Baptist Church.

It truly was a super example of Christianity in action. We have included some photographs of the harvest displays in the classrooms/year groups.
